

we are asking is that the leadership on the Democratic side of the aisle allow us to bring to the floor those bills that will allow for more American energy production because we understand if you want milk, you have to have cows. If you want production, you are going to have to allow production in this country.

DOLLAR LITE UNDER PRESIDENT BUSH

(Mr. KAGEN asked and was given permission to address the House for 1 minute.)

Mr. KAGEN. Mr. Speaker, the people in Wisconsin elected me and sent me here to Washington to listen to them. And what are the people in Wisconsin asking me to do? They said Kagen, there are two things you can do to help me and stimulate my economy and put more money in my pocket: cut the price of gasoline and reduce our health care costs.

As Megan and Eric from Appleton wrote to me, "We are young people with four kids. Our insurance is out of control. Our family earns \$38,000 a year. We pay \$520 a month to have health insurance. Gas prices limit our lives. We can't afford it; food for our kids or gas in the tank."

My friends, there are two reasons we are in this mess: Bush and CHENEY. Bush and CHENEY, these are the two reasons. And what have they done, they have taken our United States dollar and taken down its value. You might be drinking Miller Lite, but you've got dollar lite in your pocket, and that's why the price of everything, from gasoline to health care, to food, shelter and clothing is going up. Your United States dollar isn't worth what it was when George Bush took office.

TANKER CONTRACT DECISION BAD FOR AMERICAN ECONOMY

(Mr. MOORE of Kansas asked and was given permission to address the House for 1 minute.)

Mr. MOORE of Kansas. Mr. Speaker, the Air Force's recent decision to award a contract to Airbus to replace our current fleet of aerial refueling tankers is a reckless one. Americans are experiencing job cuts, a credit crisis, foreclosures on their homes, and rising foods and energy prices.

Just weeks after this Congress passed a \$168 billion economic stimulus package to address these issues, the Air Force assumes it will simply appropriate \$40 billion for an Airbus fleet of tankers, creating high-paying jobs in Europe.

American workers have built and provided our tanker fleet for more than 40 years. Their experience makes them second to none when it comes to meeting this need.

It is beyond belief that the Air Force will reward American know-how and hard work by offshoring defense-related jobs and shrinking the U.S. in-

dustrial base even further. This decision is not in the interests of the United States.

I urge my colleagues to see the larger picture here. Congress has a responsibility to look out for all of the issues pertaining to this contract and the threat it poses to American workers.
